FACIAL TREATMENTS

GUINOT:

Guinot's philosophy to combine the best of nature with science, resulting in the most fantastic treatments and vital skin care products around today. Guinot is only available from qualified beauty therapists who understand the full extent of the Guinot range.

The introduction of an electrical appliance by Guinot over forty years ago revolutionised beauty treatments. Galvanic and high-frequency currents are used to help the active, plant-based ingredients penetrate more deeply into the skin so enormously increasing their effectiveness.

Hydradermie Facial: Approx 1 hr 15 mins £53.00

Ideal for men and women and all skin types.

A deep cleansing and hydrating facial which uses specific products and electrode manual, massage movements to deep cleanse, rehydrate, balance and regenerate the tissues. The skin is left feeling fresh, glowing and radiant. (Recommended every 4 to 6 weeks.)

Hydra-Plus Facial: Approx 2 hrs £72.00

Based on the same principles as the Hydradermie, Hydra-Plus is the 'Rolls Royce' of Guinot facial treatments. Gels specially designed for the eye and neck areas help to combat the signs of aging and dehydration, along with massage to the neck and shoulders, hands and arms make an altogether amazing experience. (Recommended 3 to 4 times per year.)

Liftosome Facial: Approx: 1 hr 15 mins £50.00

Specifically developed to treat the problems associated with mature skin, Liftosome uses Vitamin C to strengthen elasticity and firmness whilst stimulating cell regeneration. The skin is left visibly tighter and brighter, ideal for that special occasion. (For best results a course of 2 treatments over 2 weeks)

Eye Hydradermie: Approx: 1 hr £40.00

Guinot have developed this treatment using specific gels and massage pressure point techniques to combat fine lines and wrinkles. Dark shadows are reduced and the eyes are left feeling fresh and alive. (For best results a course of 3 treatments over a month.)
